Email: info@electric-heatingcompany.co.uk Tel: 01698 820533

Key Selling Points:

- Low installation cost compared to central heating
- Ideal for retrofits and new builds
- Energy-saving features for customer satisfaction

Maintenance:

- Minimal ongoing maintenance required
- No moving parts
- Corrosion-resistant construction

Performance Features:

- 100% energy efficient
- Rapid heating capability
- Silent operation
- Even heat distribution via optimized convector design

Safety & Compliance:

- EMC directive compliant
- EN 442 standards
- CE certified
- Phosphate coating and hot oil treatment

Technical Highlights:

- EMC directive compliant
- Phosphate coating and hot oil treatment for superior protection
- Optimized convector design for maximum heat transfer
- Manual and automatic operation modes for flexibility

Contact EHC for detailed specifications, installation guides, and bulk order information.

5 Years Warranty*
